AT THE BEGINNING OF THE EVENING

ALESSIO

"The Man Who Talks To The Birds", has wonderfully reinvented the art of showcasing his multi-colored parrots. At 17, he realized his dream by joining a circus to create an exceptional number with... blue and red macaws to end with a superb yellow-fronted Amazon cockatoo! The very demanding Swiss Animal Protection judged it "exemplary"!

IGOR

The greatest contemporary Serbian magician. He won the Grand Prize at the 3rd Congress of Balkan Magicians before presenting his show «Street Magic» on television which brought him immense popularity.

LE TRIO BELLISSIMO

Three Ukrainian graces straight out of a Botticelli painting, in their dazzling "acrobatic adagio" of delicate femininity.

Representatives of Ukraine in the biggest acrobatic gymnastics world championships, they won a **bronze Clown** at the 2003 Monte-Carlo Festival. After performing at the German circus Roncalli, the Swiss circus Knie and the Cirque d'Hiver in Paris, Nastasia, Nadia and Ganna-Valerivna will pursue a brilliant career in prestigious shows in Germany and Amsterdam.
